

Reducing the cost of therapy for children with special needs

Elevations changes the trajectory of children's lives by helping families afford the care they need.

WHO WE ARE

Founded in 2012, Elevations is a 501c3 nonprofit organization that coordinates directly with therapy providers to serve children ages birth to 18 with special needs in Spokane County. We fund critical therapy services and provide therapy equipment for home use. We address barriers to care such as:

- High deductibles
- Multiple co-pays
- Limited insurance benefits
- Uninsured services/equipment

OUR SIGNATURE EVENTS

Ghost Ball, Spokane's premiere "Party with a Purpose" is held the Saturday before Halloween each year. More information: ghostball.org

Stache Dash, "the race that puts hair on your face," is held the second Saturday of June each year. More information: stachedash.org

WHAT WE BELIEVE

- Children of all abilities deserve services that allow them to reach their potential and thrive.
- A family's income should not determine access to quality therapy services, medical equipment, or needed services.

"The Elevations grant has been instrumental in getting my son the help and care that he needs. Without Occupational Therapy I don't want to picture what our lives would be like. With high copays and limited insurance visits, paying out of pocket fully for my son's visits would be nearly impossible. Because of this gift he is becoming better prepared for life... "

-Elevations mother
